

Thursday 19th March 2014

School Council Minutes

School Council have decided to draw some posters about not using the apparatus as the goal before and after school. They will be put around the school playground soon. We do not know who will do the posters yet.

Chairs are still in the way of children`s pegs and for children and teachers in the corridor. Meaning this is the last time that school council will ask the door monitors too put their chairs away after break time and lunchtime. If door monitors do not start putting them away then Mrs. Berry will have to have a serious talk to all of the door monitors. We know not all the door monitors leave their chairs out but yet some do.

Lily`s letter is still an ongoing progress, but should be done soon.

Thank you to everyone who donated to the eco club. We now have a pot plant in every classroom and have raised £7.50, due to the donations. If you would like to make a donation then it will go towards getting a big plant for outside the office.

Eco club also thanks all the classes that did their eco code. Eco club will look at them during the next meeting.

Next Meeting: Thursday 3rd April

Chair: Liam
