School Council Minutes

The school council have decided that the friend ship bench will be placed by the resource centre but for now because, of the time of year school council will place the friend ship sign in the playground first. Because of funding they shall focus on a bench in the field later in the year.

We are doing lots of things to help raise money for the less fortune people. The charities that school council talked about were: Cancer research, Dog trust and Life boats. We will also be doing some of the charities that we did last year such as: food bank and shoe box, one other we did a few years ago is the sponsored skip, as well as coffee morning in the nursery for the adults. The hosanna school children are to stay in the class, that way the children will meet a new child each year to sponsor. Again this year we will be doing the school fair, to help raise money for the school so we can buy things such as the friend ship sign and other thing.

Date of next meeting: Thursday 24th October

Chair of next meeting: Axel
