

# School Council minutes

In School council they want tops for the running club, like the football and netball club, with our school's name on the back. Lily will be writing the letters to a company to ask them to sponsor us with a new product.

School council also wants to tell you to stop kicking the stones in the stone pit on the KS2 play ground; also it will hurt you if one hits you especially in your eye. As we are losing the stones and we can't afford any more stones at the moment. So we are asking that you to be careful and not remove them.

Our school council secretaries have successfully updated the school council web page. If you wish to show your parents what is going on at school you can look at the web site.

The behaviour in the boy's toilets has improved but there will still not be anything in there as there is still room for improvement.

Chair of next meeting: Liam

Next meeting: 23<sup>rd</sup> of November
