

School Council Minutes 12.10.16

We hope you have had an amazing year so far and would like to tell you some things that we have been discussing over the last week. First of all, the cups and plates from last week's talk are still being worked on. Secondly, each class should have a bag with their book and pen in as well as having a class council meeting each week.

We also are doing the photos and names of the hosanna school children, which the teachers have requested. Discovery class have also asked for a climbing wall that should be put in however we can make no promises. It was agreed that adding a climbing feature to the new trim-trail would be discussed.

Last term there was a complaint about the chips, which were being served cold, by the time the food reaches your plate. Donna is trying her hardest by making two batches of fish fingers as well as making several other dinner meals.

We would like your ideas on the new trim-trail designs. We are going round with Mr Millais (Marcus) to show him which dens we think are dangerous or not child friendly.

Please make sure to always ask the teachers to have a school council meeting to go over the minutes and what people have suggested.

A message for Year 6 children is don't push in when you are lining up for toast or anything else for two reasons the first one is that it is not fair on the younger ones and the second reason is because it is not showing school values. Also, it takes KS1 longer to eat their toast which means they would be eating it in class and the teachers don't approve.

We would like to remind you about our school topic of the year - Growing Your Mindset. People have been trying their hardest to keep up the level of expectation throughout the course of the year! Children have been getting awards for trying their hardest to have a Growth-Mindset and not giving up on things they find hard.

A teacher has complained that some children have not been taking care of school property, not being honest if they broke the piece of stationery.

Apolline and Nell are working on the school council prayer and will hopefully not be too long now.

A message now for the younger children in KS1 is to please, please, please make sure you put your banana skins or whatever food you have got is to always put it in the compost bin.

Next meeting: Thursday 10th November. Chair: Isabelle P.
