

# School Council Minutes

Welcome to school council minutes...

To start off this minute, school council would like to say the friendship bench we have promised to come is still a matter of finding the right size. On another topic we have heard from Liberty that some of the children in Ks2 have been seen hiding play pod for other Break times. If you carry on hiding the play pod and it rains it shall be ruined and the school can't afford new play pod. All school councillors will be watching.

On lighter note, we have been talking about Red Nose day and what we were going to do. We have decided on doing danceathon which might take place on the High Street. Also if you don't know how to dance we might be hiring a dance teacher! So no complaining! A day will be sorted later on for the dance. On that day you might want to wear your red nose which will be sold at school soon.

Also this is mainly for the Infants we would like you in your classes to decide on what you would like on the grassy bank on your playground, maybe a mini maze? Or slide? Or even a Water feature? Please tell your school councillor what you would like!

For the junior, we would like you to also decide to have a new lot of long lasting yellow paint for the netball court as the old one, as you know, is not very successful at keeping the shape of the court.

School council have a rota of people for toast money, who take the money every day, on Monday it's Caitlin, on Tuesday it's Edward, on Wednesday it's Heidi, on Thursday it's Rosie, on Friday it's Harvey. Lastly, we will be having the windows in the Resource Centre replaced and after that we will be having the fencing along the bottom at some point.

We also will be doing some interviews for a new reception teacher as Miss Dolan is leaving the school councillors will be sorting it out soon.

The chair of the next meeting: **Harvey**
